

Electricity Price

| AEP Texas North       |         |           |           |
|-----------------------|---------|-----------|-----------|
| Average Monthly Use   | 500 kWh | 1,000 kWh | 2,000 kWh |
| Average Price per kWh | 14.3    | 13.6      | 13.2      |

**These average prices are examples. Your average price for electricity service will vary according to your usage.**

The price you pay **per billing cycle** will include:

|   |                                                                                             |
|---|---------------------------------------------------------------------------------------------|
| 1 | The energy charge(s) below with applicable AEP Texas North charges passed through at cost   |
| 2 | Applicable <b>non-recurring</b> fees from AEP Texas North and/or from Revolution Energy     |
| 3 | All applicable taxes, fees and surcharges from ERCOT, the PUCT and any governmental entity. |

**ENERGY CHARGES**

|                                       |                          |
|---------------------------------------|--------------------------|
| <b>Revolution Energy</b>              |                          |
| Energy Charge:                        | 7.173 cents/kWh          |
| Base Charge:                          | \$4.00 per billing cycle |
| <b>AEP Texas North</b>                |                          |
| 5.6677 cents/kWh and \$3.24 per month |                          |

|            |                                                               |
|------------|---------------------------------------------------------------|
| Example #1 | If you use 300 kWh, you will be billed \$45.76 plus taxes.    |
| Example #2 | If you use 900 kWh, you will be billed \$122.81 plus taxes.   |
| Example #3 | If you use 1,776 kWh, you will be billed \$235.29 plus taxes. |

| Contract Term                                                                | 24 Months                                                                                                                                                                                                                                                                                                                                                |
| Do I have a termination fee or any fees associated with terminating service? | Yes; you will incur a \$300 fee if you terminate your service prior to the end of the contract term. No termination fee with proof of a move-out.                                                                                                                                                                                                        |
| Can my price change during my contract period?                               | Yes                                                                                                                                                                                                                                                                                                                                                      |
| If my price can change, how will it change and by how much?                  | Your price may be adjusted to reflect changes in AEP North charges; changes to Electric Reliability Council of Texas or Texas Regional Entity administrative fees charged to loads; or changes resulting from federal, state or local laws or regulatory actions that impose new or modified fees or costs that are outside Revolution Energy's control. |
| What other fees may I be charged?                                            | You will incur a fee of \$5.00 per billing period if you are not enrolled in Autopay. Information on other charges and non-recurring fees is available in the Pricing and Possible Nonrecurring Fees sections of the Terms of Service document.                                                                                                          |
| Is this a pre-pay or pay in advance product?                                 | No                                                                                                                                                                                                                                                                                                                                                       |
| Does Revolution Energy purchase excess distributed renewable generation?     | No                                                                                                                                                                                                                                                                                                                                                       |
| Renewable Content                                                            | 24.7%                                                                                                                                                                                                                                                                                                                                                    |
| The statewide average for Renewable Content                                  | 37.2%                                                                                                                                                                                                                                                                                                                                                    |
